

## CABIN AIR FILTER - AXCAF-10134

HONDA ACCORD 2003-2021, CIVIC 2006-2015, CR-V 2007-2016, ODYSSEY 2005-2017

### TOOLS:

Some models may require a standard screwdriver

### LOCATION OF CABIN AIR FILTER:

Passenger side of the vehicle under the dash behind the glove compartment

### STEPS:

- 1). Push in on both sides of the glove compartment until the glove box stop retainers are disengaged and allow the glove compartment to swing freely down towards the floorboard on its bottom hinge. This will allow access to the cabin filter tray.
- 2). Locate the cabin filter tray and unlock it by pressing inward on the left and right-side tabs and remove by pulling the tray straight out.
- 3). Remove the dirty filter from the tray.
- 4). Put the new filter in the filter tray.
- 5). Put the tray with the clean filter back into the vehicle by sliding back into position. Make sure that the filter tray is completely seated and latched on both sides.
- 6). Put the glove compartment back into position by raising it in place and pushing in on both sides to re-engage the glove compartment stops.
- 7). Close glove compartment.
