

**Instructions for the Long Term Radon in Air Test**

**1. WHAT THIS PACKAGE CONTAINS**

This package is used to test radon in air for three months to one year. It contains:

- These instructions with Data Sheet attached
- Black alpha track type detector sealed in clear bag

**DO NOT OPEN THE BAG UNTIL YOU ARE READY TO TEST.**

- Postage-paid return mailing envelope

**2. CHOOSE THE ROOM TO TEST**

The US EPA recommends you test the lowest level of the house that is regularly used for 8-10 hours per week. If you are making a follow-up measurement, the US EPA recommends placing a detector on each floor of your home that is used for living space. Do not test in the kitchen, laundry area, bathroom, crawl space, furnace room or closet.

Write the room you test on the Data Sheet on the line marked "Location Tested".

**3. START THE RADON TEST**

- WHEN YOU ARE READY TO START THE TEST**, cut or tear open the clear bag that contains the black detector. As soon as you open the bag the detector is "on" and the test has begun.
- Write the Detector Number** at the bottom of these instructions for your records and on the Data Sheet.
- Write the date** you start the test in the Start Date section on the Data Sheet.

**4. PLACE THE RADON DETECTOR**

Hang or place the detector *at least* three feet away from exterior doors or windows and at least two feet off the floor. Leave the detector in place and undisturbed for three to twelve months.

**5. END THE RADON TEST**

- After at least three months, **write the Test End Date** and other required information on the Data Sheet below.
- Write your return address** on the white "Business Reply" mailing envelope.

**6. RETURN THE DETECTOR TO THE LABORATORY**

**Make sure the Data Sheet is complete.** Detach the Data Sheet and slip it and the detector into the mailing envelope. Seal the mailing envelope and drop it in the mail. Keep this section with the detector number on it for your records. It takes 5 business days to issue an Amended Test Report. We can issue a Same-Day Amended Report for a fee of \$10.00. To issue a Same-Day Amended report we must receive new test information and payment by Noon, ET.
