## DH100 Desiccant Dehumidifier

*Creating the Great Indoors*

The DH100 desiccant dehumidifier was developed specifically for military storage applications and is ideal for a multitude of industrial applications, storage rooms, vaults, and other small area applications. The unit's rugged design and portability makes it well suited for various dehumidification applications

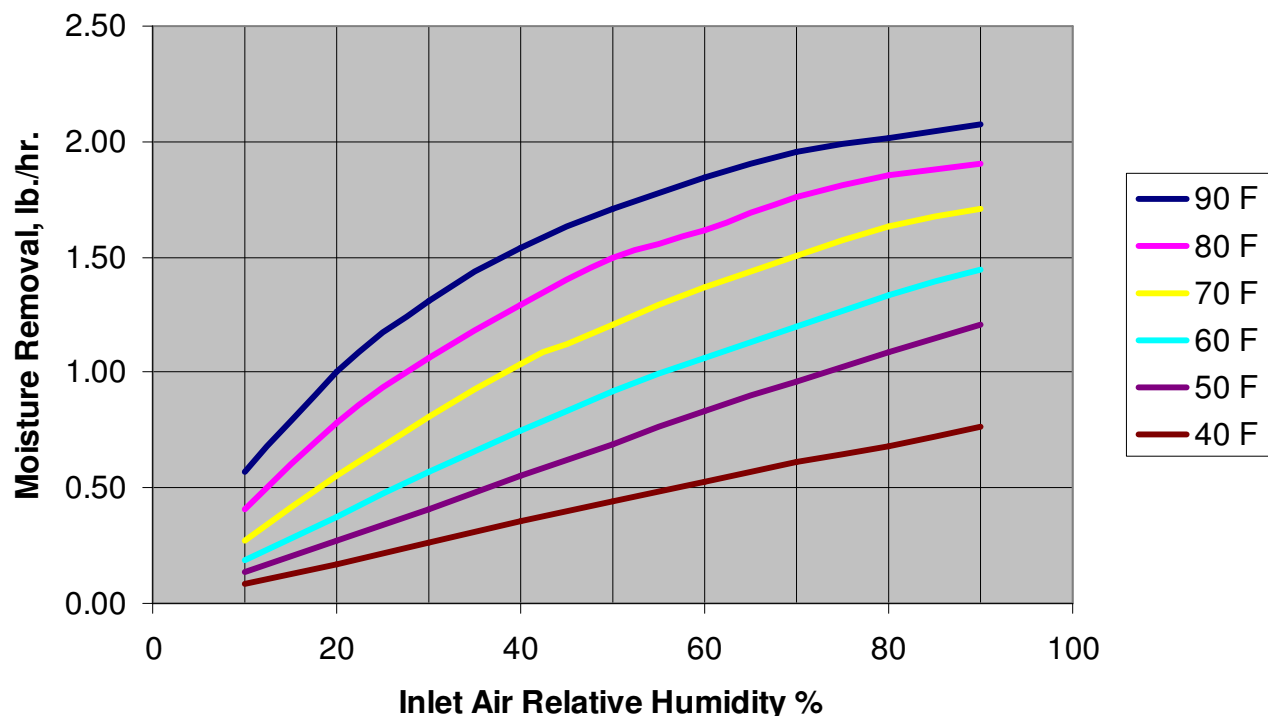

- ✦ Solid construction—sturdy aluminum frame and panel construction.
- ✦ Integral humidistat control with simple on-off-auto switch.
- ✦ State-of-the-art silica gel rotor.

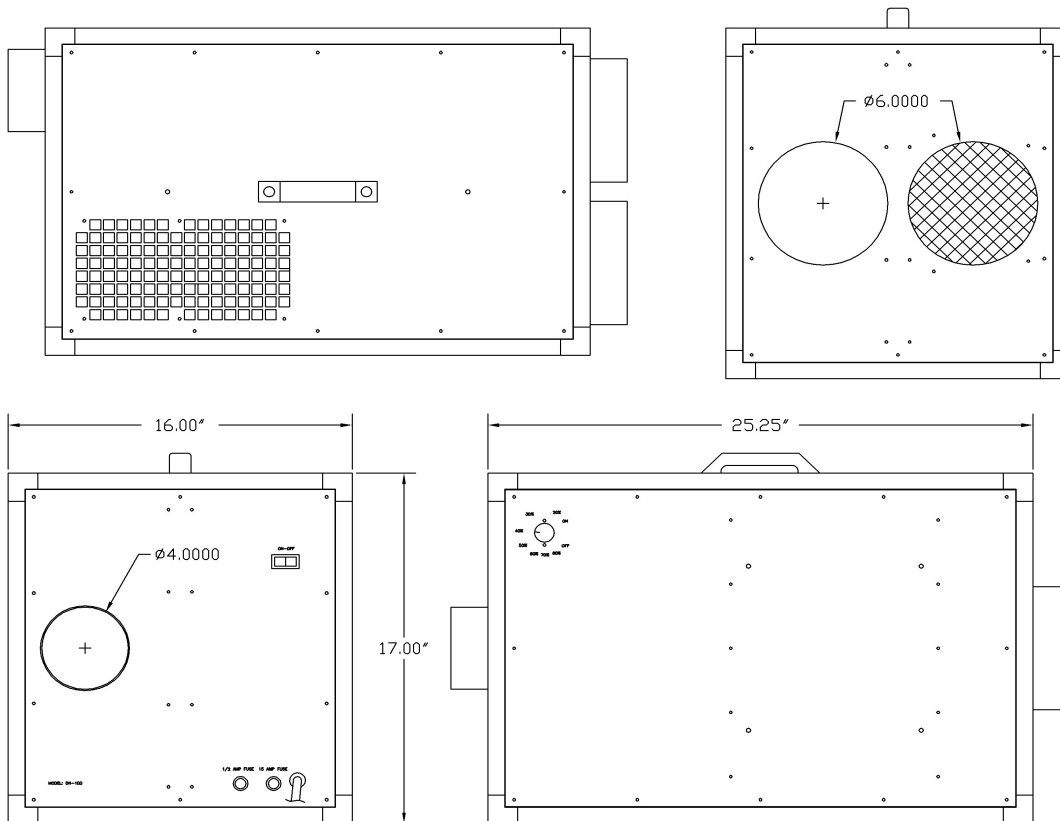

### Specifications

Process Volume: 100 scfm  
Dimensions: (L) 25" x (W) 16" x (H) 17"  
Weight: 37 lbs  
Power: 2 KW  
Utilities: 115v/60Hz, 1ph  
Static Pressure: 0.3 in wc (process)  
0.6 in wc (reactivation)
