

FH44 SERIES FILTER HOUSINGS

- Great for a wide range of applications,
- NSF listed to Standard 42 such as residential, commercial and industrial
- Available with Pressure Relief Valves

FH44 SERIES FILTER HOUSINGS

LIQUATEC FH44 SERIES COMMERCIAL FILTER HOUSINGS are manufactured of reinforced polypropylene. Most 9-7/8", 10" and 20" length cartridges fit easily. Our commercial grade products have excellent chemical resistance and are ideal for many residential plumbing, commercial and light industrial applications. Our superior technology along with our quality control measures in place allow for a cost effective solution for many of your filtration needs. As an economical product this will allow your customers to maximize their profits without jeopardizing quality.

LIQUATEC FH44 SERIES COMMERCIAL FILTER HOUSINGS are Tested and Certified by NSF International to NSF/ANSI Standard 42 for material and structural integrity requirements only. These are an excellent substitute for expensive low pressure stainless steel multi cartridge housings. Many cartridge styles available such as Carbon Block, GAC, Pleated and Multi-Depth Polypropylene.

FH44 SERIES FILTER HOUSINGS

COMPONENT

Tested and Certified by NSF International to ANSI/NSF Standard 42 for material requirements only.

MATERIALS OF CONSTRUCTION

- HOUSING POLYPROPYLENE
- CAP POLYPROPYLENE
- BUTTON ASSEMBLY STAINLESS STEEL, EPDM AND POLYPROPYLENE
- O-RING BUNA-N
- MAXIMUM TEMPERATURE 100°F (37.7°C)
- MAXIMUM PRESSURE 100 PSI (6.90 BAR)

APPLICATIONS

- Whole House Filtration
- Reverse Osmosis
- Residential Plumbing
- Photography
- Commercial Prefiltration
- Beverage
- Ice makers
- Misting Units
- Food Processing
- Analytical
- Green Houses
- Milling Machines
- Plating
- Drip Irrigation
- Wineries

HOUSING SPECIFICATION AND PERFORMANCE DATA

MODEL	MAXIMUM DIMENSIONS	INITIAL P (psi) @ FLOW RATE (gpm)
10" "Grande"	13-1/2" X 7-1/4"	1 psi @ 30 gpm
20" "Grande"	23-7/8" X 7-1/4"	1 psi @ 30 gpm

WARNING: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

*PRESSURE RELIEF BUTTONS AVAILABLE
