

Cabin Air Filtration Product

MicronAir® No. NN07182P

This MicronAir® Cabin Filter fits: 2007 and up Nissan Altima

1

☞ Open the glove compartment.

2

☞ Remove the glove box assembly to access the blower assembly to the lower left

3

☞ Remove the filter cover by pulling downward on the clip and disengaging the snap

4

☞ Remove the used filter by pulling on the small pull tab on the side of the filter.
☞ Slide the new micronAir® cabin air filter into the housing
☞ Reinstall the filter cover by inserting the hook at the top first, then swinging the bottom into place.
☞ Reinstall the glove box assembly.

Get in and breathe easy.

The vehicle manufacturer recommends that the filter be changed every year or 15,000 miles.

Engineered for Original Equipment Manufacturer Specifications.
