

Fantech

COMPACT SERIES

HEAT RECOVERY & ENERGY RECOVERY VENTILATORS

Models: SH704, VH704, SE704N

THE SMALLEST HEAT RECOVERY & ENERGY RECOVERY UNITS IN THE INDUSTRY

Fantech introduces the smallest Heat Recovery and Energy Recovery Ventilators in the industry. Simple designs, simple installation!

Ideal for applications where continuous low-level ventilation is needed. All models feature German engineered EBM Motors with 7 year warranties.

Compact HRVs are available in side or top port models. Units feature reliable defrost strategy.

All Fantech compact HRVs feature aluminum cores with lifetime warranties.

Compact ERVs have an enthalpic core at the heart of the unit that transfers heat and moisture from the incoming air to the outgoing air. This reduces the load on the home's air conditioner and saves on cooling costs. Five year warranty on core.

Each Fantech Compact Series HRV or ERV includes easy-mount wall bracket.

4" Duct Connections

EBM Motors

Washable Electrostatic Filters

Cores:
HRV: Aluminum
ERV: Enthalpy

Model: SH704
