

Return Duct Kit

Part No. 4036715

Parts Included:

Tools Required: Torx T20 Screwdriver

CAUTION! Before installing duct kit, disconnect dehumidifier from electrical power and disconnect duct work if previously installed.

Step 1: Remove six screws (three on each side).

Step 2: Place duct kit assembly on dehumidifier and line up holes on assembly with screw holes.

NOTE: Be sure to install duct kit in the correct orientation. See pics below.

Step 3: Using six screws previously removed, replace screws into holes to secure duct kit assembly.
