

Say “hello” to hands-free  
comfort control

# "Hello, thermostat."

Use this simple phrase to activate the thermostat, then say one of the pre-programmed commands to adjust the temperature.

"Make it much cooler."

"I'm feeling cold."

"Make it four degrees warmer."

## Plus, get remote comfort control when you're away

With Honeywell's free Total Connect Comfort app for iOS and Android™, you can:

- View and change your heating and cooling system settings
- Schedule remotely
- Get temperature alerts via email or app
- Access multiple locations if more than one system is connected
- Manage multiple thermostats if your system is zoned
- Get automatic software upgrades as new features are available

Once your thermostat is installed by your heating and cooling professional, go online to **mytotalconnectcomfort.com** to create an account and get remote access to your thermostat no matter where you go. Don't forget to install the FREE app on your tablet or smartphone!
