CFS11, CFS01, CFS12 & CFS02

Application
- **Multipurpose**

Water Filtration Housings

Spec No. _____

Quantity _____

Product Features

- Various style head configurations, such as built-in pressure relief button and built-in shut-off valve, offer maximum flexibility.

- 3/4" NPT connections with 1/2" adapters provide multiple sizes for either point-of-entry or single applications with higher flow rates.

- Pressure tested high impact plastic designs available with either opaque or transparent housing configurations offer reliable product durability.

CUNO's line of drop-in filter housings accommodate our line of premium performance sediment and chlorine taste and odor reduction cartridges. Housings with filters can be used as in-line protection for point-of-entry, or equipment protection at point-of-use. Optional variants such as pressure gauges, built-in valve-in-head, and opaque or transparent housings are suitable for use with most applications and budgets.

Product Specifications - Housings for 9 3/4" Cartridges

Model Number	Part Number	Description	Cartridge Replacement
CFS11	55588-01	Opaque, Non-Valved Head, 1/2" Connections	CFS8504-A, CFS117, CFS117-S, CFS110, CFS111, CFS124, CFSMZ9.75
CFS11T	55588-02	Transparent, Non-Valved Head, 1/2" Connections	
CFS01LG	55575-03	Opaque, Valve-In-Head, 1/2" Connections	
CFS01TLG	55575-06	Transparent, Valve-In-Head, 1/2" Connections	
CFS01	55575-01	Opaque, Valve-In-Head, 1/2" Connections, Pressure Gauge	
CFS01T	55575-05	Transparent, Valve-In-Head, 1/2" Connections, Pressure Gauge	

Product Specifications - Housings for 19 1/2" Cartridges

Model Number	Part Number	Description	Cartridge Replacement
CFS12	55589-01	Opaque, Non-Valved Head, 1/2" Connections	CFS8504-B, CFS117*, CFS117-S*, CFS110*, CFS111*, CFS124*, CFSMZ19.5, CFSFR-5, CFSFR-10
CFS12T	55589-02	Transparent, Non-Valved Head, 1/2" Connections	
CFS02LG	55576-09	Opaque, Valve-In-Head, 1/2" Connections	
CFS02TLG	55576-06	Transparent, Valve-In-Head, 1/2" Connections	
CFS02	55576-01	Opaque, Valve-In-Head, 1/2" Connections, Pressure Gauge	

* Requires two cartridges
