

CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: PC5491X

Est. Installation Time: less than 15 mins

Toyota OE: 88568-02020

The Cabin air filter is located behind the glove compartment

- Open the glove box
- Remove the Phillips-head screw that secures the dampener arm to the passenger side of the glove box (Fig 1)
- Press the both sides of the glove box to release the stoppers and allow the glove box to hang freely on the hinges
- Remove the filter housing cover by pressing the latches on both sides (Fig 2)
- Remove the old cabin air filter, taking note the air flow arrow indicator on the side of the old filter
- Insert the new filter into the assembly, making sure the air flow direction is correct according to the arrow indicator (fig 3)
- Replace the rest of the glove box assembly by reversing the removal procedure
